INVITATION

THE FACULTY OF LAW within the University of Oradea, in partnership with **E.L.S.A. Oradea and Oradea HERITAGE Foundation**, cordially invite you to participate in:

NATIONAL CONFERENCE WITH INTERNATIONAL PARTICIPATION:

"Law in the Age of Screen Dependency" (7th edition)

This scientific event is addressed to students in the fields of Law and Administrative Sciences, both from within the country and abroad, aiming to represent a space for dialogue and student development from all levels of education.

The theme of this year's event aims to address a growing reality in student life, and beyond, which is the increasing dependence on various forms of screens. From the screen of the phone to that of the laptop, to the smart tablet, the path towards a monochrome understanding of reality is short. Contact with the written word no longer exists, or is considered antiquated and therefore useless. What does a lawyer trained in such a manner look like? How will they perceive the reality that surrounds them?

The faculties have the mission, especially in this period, to identify and exploit all resources for the continuation of academic and scientific research activities, aimed at providing analysis and debates for awareness and active involvement in addressing identified problems. Thus, we propose that the event take place in a traditional manner, at the Faculty of Law headquarters, on Gh. Magheru Boulevard, no. 26.

Together, alongside our colleagues and students, along with colleagues and students from other academic centers, we aim to maintain the tradition of organizing this event. Therefore, adapting to the given conditions, we invite you to be part of this manifestation. We eagerly await your participation.

Dean,
Assoc. prof. Phd. Cristian Dumitru MIHEȘ

NATIONAL CONFERENCE WITH INTERNATIONAL PARTICIPATION:

"Today's Students, Tomorrow's Professionals" (7th edition)

The scientific event is aimed at students in the fields of Law and Administrative Sciences, both from within the country and abroad, aiming to represent a space for dialogue and student development from all levels of education.

➤ ***Period / Location / Mode of Conduct:***

The conference will take place on May 23-24, 2024.

Location / Mode of Conduct: Faculty of Law Headquarters, General Magheru Boulevard, no. 26.

➤ ***Conference Structure:***

• ***May 23 - Workshop on the theme: "Law. Morality. Digital"***

Within this workshop, specialists and practitioners in the legal field, as well as professors from the Faculty of Law, equipped with "book in hand," will share their experiences from the field with students and online master's students. The main topic of discussion will be the impact of technology on professional training and legal practice, emphasizing the formation of a new perspective on legal realities determined by technology. We will explore how technology has changed the process of learning and legal practice, highlighting the changes brought about by this transition.

• ***May 23 - Training session on the theme: "Personal Development. Techniques of Effective Communication"***, conducted with the participation of guest speakers.

• **May 24** - Student Scientific Communications Session on the theme "Law, from paper to digital environment" will be divided into 3 distinct modules:

I. Civil Law and Civil Procedure

II. Public Law and Public Administration

III. Criminal Sciences

Important Dates:

• **The deadline for conference registration is May 6, 2024.**
